Invitation Letter - Short-term visiting researcher

I hereby fully support the visit request as a short-term visiting researcher by **Mr. Ming WU** (°April 20th 1991, Passport #: E29183562, registered PhD student at Guangdong University of Technology, email: WuMing_GDUT@outlook.com. GSM: +86 13302642070) from the **School of Electromechanical Engineering**, **Guangdong University of Technology**, and invite him to join the "**Micro and Precision Engineering**" lab for a 12-month stay at the **Mechanical Engineering Department of KU Leuven**. The expected dates of his stay will be from **May 1st, 2019** through **April 30th, 2020**.

As mutually understood, the Mechanical Engineering Department at KU Leuven will provide **Mr. Ming WU** with academic support and guidance, access to computers, the Internet and KU Leuven Library resources. There will be no additional financial obligations to KU Leuven for his stay in Belgium. All his travel and living expenses during his stay here will be covered by his own financial resource.

During his 12-month stay in Leuven, **Mr. Ming WU** will be involved in our research on hybrid micro-ECM technology, including:

- The establishment of an experimental set-up for hybrid micro-ECM,
- Experimental investigation (both process feasibility and parameter optimization) of hybrid micro-ECM for micro-structuring.
- Academic and industrial communication and exchange (visit to fairs, exhibitions, workshops etc.)

It is to my understanding that **Ming WU**'s knowledge of English and experience with scientific communication are sufficient to collaborate with us. The above mentioned research topic is particularly synergetic to current research activities at KU Leuven. I therefore formulate my highest recommendation for this project to the Financing Program of Guangdong Province, and hope it will be accepted. For more information, do not hesitate to contact me or my colleague Dr. Jun Qian who will also be the daily supervisor of this work (jun.qian@kuleuven.be).

(Note point: this invitation letter is solely meant for the local procedures of Mr. Ming WU. For visa application to Belgium, he needs other official documents from the administration of KULeuven.)

Your sincerely,

Prof. dr. ir. Dominiek Reynaerts
