Recommendation letter

Dear Hiring Committee,

It is with great pleasure that I write this letter to recommend Ming Wu for an academic position within your institution. During his tenure as a post-doctoral researcher in our group, I had the privilege of working closely with Ming.

Ming Wu is an exemplary professional characterized by punctuality, and dedication. Ming's work within our group primarily focused on the design and implementation of machine learning models aimed at automatically detecting defects in additive manufacturing processes using acoustic data. His expertise in both mechanical engineering and machine learning uniquely positioned him for this challenging research domain.

One of Ming's most commendable attributes is his ability to foster collaboration and engagement within the team. He actively encourages knowledge sharing and constructive dialogue, thereby creating a stimulating and inclusive work environment. Ming's collaborative spirit, combined with his insightful contributions, significantly enhanced our group's ability to achieve its research objectives effectively and efficiently.

In addition to his technical proficiency, Ming Wu possesses a genuine passion for advancing knowledge and pushing the boundaries of interdisciplinary research.

Please do not hesitate to contact me if you require any further information regarding Ming Wu's qualifications or suitability for the position.

Thank you for considering Ming's application.

Sincerely,

Peter Karsmakers
Professor
KU Leuven, Department of Computer Science
